

Job Title: Working Student (m/f/d) for Pooling Team at Allianz Investment Management SE, Munich

Allianz Investment Management (AIM) is the investment management arm of the Allianz Group, responsible for managing the risk/return profile of its approx. € 800 bn investment portfolio. Our global network of more than 500 employees in over 60 countries is organized in regional hubs located in Munich/Stuttgart, Milan, Minneapolis, Paris, and Singapore. It offers multifaceted career opportunities for outstanding investment talents.

AIM provides the perfect opportunity to embark on or continue your international career. AIM continues to grow and supports its employees to do the same. We believe that work should be rewarding, and that good work should be rewarded. We offer opportunities and strive for excellence. And our actions are guided first and foremost by high ethical standards and our sense of commitment to society.

Job purpose

As an integral part of the IMPC (Investment Management Property and Casualty) team at Allianz Investment Management SE (AIM) you will be part of a team supporting the digitalization of the investment management function and contribute to digital community building across AIM and with other Allianz entities.

Key responsibilities

- Automatization of use cases along the investment value chain (e.g. development of tools for automatic generation of reports supporting investment decisions)
- Support AIM digital community activities, such as organization of meet-ups for best practice sharing or training sessions for co-workers
- Ad-hoc requests (e.g. portfolio and data analysis, basic investment research on Bloomberg)
- Maintenance of department-specific information platforms (Allianz Connect, SharePoint)

Key requirements

- Strong analytical and data analysis skills
- Very good knowledge of MS Excel, good programming skills in VBA, R or Python; good knowledge on MS PowerBi would be a plus
- Ideally at the end of a Bachelor's program / beginning of Master's in (Financial) Mathematics, Computer Science, Data Science, Economics, Statistics, Physics, Business Administration
- Excellent team player and enjoys working in an international environment
- Quick learners with a strong sense of personal responsibility and technical orientation
- Prior working experiences through internships would be a plus

Additional Information

In order to consider your application properly, we kindly ask for the following documents from your side: CV, Cover Letter, Employer testimonials / references or recommendation letters (if any), University grades/transcripts of records and high-school transcript (if possible) and your current Certificate of enrollment. Please upload these documents when applying for the role.

Start date: March 2023 or later, 2-3 days/per week.
